

Contents

| | |
|---|-----|
| Chapter One Introduction and past research | 1 |
| 1.1 Unbounded growth..... | 1 |
| 1.2 Environmental movements..... | 3 |
| 1.3 Economics on nature..... | 9 |
| 1.4 Cost of pollution..... | 13 |
| 1.5 The high tech industry..... | 15 |
| 1.6 Taiwan research..... | 19 |
| Chapter Two Background: Development of Taiwan IT industry and early pollution incidents..... | 24 |
| 2.1 Development of IT industry..... | 27 |
| 2.2 Pollution incidents..... | 38 |
| 2.2.1 Early pollution incidents..... | 45 |
| 2.2.2 RCA..... | 52 |
| 2.3 Verdict..... | 65 |
| Chapter Three Semiconductor production process and pollutions in Hsinchu Science Industrial Park..... | 70 |
| 3.1 Impact of semiconductor production..... | 70 |
| 3.2 Production of Integrated Circuit..... | 80 |
| 3.3 Case Study..... | 92 |
| 3.3.1 Water pollution..... | 92 |
| 3.3.2 Waste disposal..... | 110 |
| 3.3.3 Environmental Monitoring Team..... | 128 |
| 3.3.4 Failings of Taiwanese government..... | 131 |
| Chapter Four Conclusion and further study..... | 141 |
| 4.1 Conclusion..... | 141 |
| 4.2 Further studies..... | 150 |
| References..... | 152 |
