Please answer all the following questions in English only. Your objective is to let your family members understand all these topics easily, given that they may not be international relations experts. Your answer will be evaluated according to whether you are able to analyze these questions with theoretical viewpoints.

1. Explain the following terms, including the related debates in brief between the people with different opinions.

- (1) China's "One Belt, One Road" Strategy (10%)
- (2) Brexit (10%)
- (3) Globalization (10%)
- (4) Regional Integration (10%)
- (5) Global Warming (10%)

2. Based on the theories of comparative politics and political economy, please explain the possible impacts of oil trade on society and domestic politics in the following three sets of countries:

- (1) The oil producers (identify some of them) (10%)
- (2) The oil consumers (identify some of them) (10%)
- (3) China (10%)

3. One of the ongoing events in the domestic politics of many advanced democratic countries is the debate over whether nations should favor "internationalism" or "nationalism", or in other words, the political struggle between "the internationalizing coalition" and "the backlash coalition". Please explain:

- (1) Why have these issues become a hot topic in the recent years? (10%)
- (2) What should the governments do in order to overcome the problems that give rise to these debates? (10%)
