## 2020 OHBM ANNUAL MEETING

The 2020 Annual Meeting was held June 23 - July 3 through an innovative and interactive virtual experience. All content from the Annual Meeting and Educational Courses is now available to OHBM Members on OHBM's OnDemand platform. Join us through OHBM Membership ([http://www.humanbrainmapping.org/i4a/ams/public/member\\_start.cfm?mbrAppID=5&pageID=3282](http://www.humanbrainmapping.org/i4a/ams/public/member_start.cfm?mbrAppID=5&pageID=3282)) now!

The OHBM Annual Meeting is the place to learn about the latest international research across modalities in human brain mapping. It is an opportunity for you to have one-on-one discussions with experts in the field and connect with your peers from all over the world. At the educational sessions, junior and senior scientists of various backgrounds teach about the most current and ground-breaking developments in the field, including machine learning techniques, high resolution imaging and most recently also open science methods. The meeting is held every June at stunning locations alternating between North America, Europe and the Asia-Pacific region.

"Sixth time attending and OHBM 2017 was by far the best one yet! Thanks for the great conversations everyone, can't wait 'til next year!"

— Emily Finn  
Postdoc at The National Institute of Mental Health (NIMH)
