Acknowledgements

My warmest thanks go to Dr. Chao-ming Chen, my advisor, for his inspiring guidance, kind encouragement, and enthusiastic revisions throughout my research and writing for this work. I would also like to thank the committee members, including Dr. Kun-liang Chuang, Dr. Eva Yin-I Chen, Dr. Shang-guan Chang, and Dr. Kuan-jung Cheng, for their reading of the manuscript and for very helpful suggestions. Besides my advisor Dr. Chao-ming Chen, I also owe a debt of gratitude to Dr. Eva Yin-I Chen, who helps clarify and organize my concept of detective stories.

Most importantly, I want to extend my heart-felt thanks to my family, especially my wife Yu-chuen, whose consideration and efficient housekeeping have made this work possible. Finally, I should not forget my little daughter Josephine. She is my hope and joy whenever I felt exhausted during the writing of this dissertation.
