

To those I love

Acknowledgement

My warmest thanks go to Dr. Brian Phillips for his inspiring guidance and encouragement throughout my research for this work. For their reading of the manuscript and for helpful suggestions and other support, I want to thank Dr. Christopher Chang, Dr. Maosung Lin, and Dr. Eva Y. I. Chen.

I also want to thank Mark Hammons, Scott Thomas Pacey, and Corey Bell for reading and improving my writing skill. Meanwhile, I'd like to thank Pablo Lin and Kimberly Lin for sharing their room, food, drink, and ideas whenever I am in need.

Finally, I would like to extend my heart-felt thanks to my family. My mothers' support and blessing and, especially, my girlfriend's cooperation and effective assistance have made this work possible.
