

## Abstract

The main first purpose of this study is to explore, through National Security Approach, International Strategic Approach and decision-making Approach explore Russian arms sales scandal. The main level of The thesis is to explore and study scandal on sino-Russia arms sales by International politics system level of analysis, National system level of analysis and Decision-making level of analysis. The method of The thesis is to explore and study scandal on sino-Russia arms sales with a case study which Northern shipyard and Baltiisky Zavod shipyard struggle for order of tender for arms sales Sovremenny Class destroyers--Project 956 toward P.R.C in 2002 and the main second purpose of this study is to explore pro-China clan and pro-USA clan of Russia struggle for leading right of formation of decision-making in Russian arms sales policy toward P.R.C. and explore formation of decision-making in Russian arms sales policy toward P.R.C.. the main third purpose of this study is to explore inner-extra cause and Context of Vladimir Putin's arms sales policy toward P.R.C. and explore what role and function of Russian arms sales policy toward P.R.C. is in Consolidating Power process of Russia president Vladimir Putin. the main fourth purpose of this study is to explore the impact on Taiwan Strait security by Russia - Chain's military exchange.

It is hypothesized in this study that Russian arms sales policy toward P.R.C. is a part of Consolidating Power process of Russia president Vladimir Putin, pro-China clan and pro-USA clan of Russia struggle for leading right and resource of process of decision-making of politics and economy and each public policy, in the case study that Northern shipyard and Baltiisky Zavod shipyard struggle for order of tender for arms sales Sovremenny Class destroyers--Project 956 toward P.R.C in 2002, That Baltiisky Zavod shipyard final get the tender is leading right of formation of decision-making in Russian arms sales policy toward P.R.C. transfer to pro-USA clan (National Security bloc/ Putin Bloc/ St. Petersburg Bloc) from pro-China clan (Economic Advice bloc/ Yel'tin bloc/ Moscow bloc: Kasyanov and Voloshin Bloc), therefore, Considerations on formation of decision-making of Russian arms sales policy toward P.R.C. is including of politics, economy and strategic and relations between business, oligarchy and politician in process of decision-making of Russian arms sales policy toward P.R.C. is the key-point, formation of decision-making and process of activity of Russian arms sales policy toward P.R.C. gives rise to abuses which struggle for money and political power and economy interests and exchange and collective self-interest, the final ending of the decision- activity of Russian arms sales policy toward P.R.C. ought to effects regional security in Asia Pacific area and effects Cross- Straits Security, therefore, cause of formation of decision-making of Russian arms sales policy toward P.R.C. is that interaction of clans of Kremlin politics in the internal and external factors under Vladimir Putin.

This hypothesis can be further developed into the following logically consequential sub-propositions:

1. Formation of decision-making and process of activity of Russian arms sales policy toward P.R.C. gives rise to abuses which struggle for money and political power and economy

interests and exchange and collective self-interest, in decision-making of tender in Russian arms sales policy toward P.R.C., Baltiisky Zavod shipyard final get the tender is leading right of formation of decision-making in Russian arms sales policy toward P.R.C. transfer to pro-USA clan (National Security bloc/ Putin Bloc/ St. Petersburg Bloc) from pro-China clan (Economic Advice bloc/ Yel'tin bloc/ Moscow bloc: Kasyanov and Voloshin Bloc).

2. Clans of arms sales scandal and relations between business, oligarchy and politician of two Shipbuilding plant is the key-point of formation of decision-making of Russian arms sales policy toward P.R.C..

3. Considerations on formation of decision-making of decision-making level of Russian arms sales policy toward P.R.C. is including of politics, economy and strategic, During 2000-2004, Russian arms sales policy toward P.R.C. has been driven by Russia's internal and external factors, such as the interaction of strategic triangle politics; Kremlin politics and economic development and Russian arms sales policy toward P.R.C. is a part of Consolidating Power process of Russia president Vladimir Putin.

4. the final ending of the decision- activity of Russian arms sales policy toward P.R.C. ought to effects regional security in Asia Pacific area and effects Cross- Straits Security.
