

Contents

1. Introduction	1
2. A review of literature on exchange-rate exposure	2
3. Exchange-rate exposure of individual firms	6
3.1. Corresponding model of the exchange-rate exposure	6
A. The basic regression of exchange-rate exposure	6
B. The lagged response hypothesis	7
C. Nonlinear exposure	8
3.2. Data descriptions and empirical results	10
. Data descriptions	10
. Empirical results	14
A. Results of the basic regression	14
B. Results of the lagged response hypothesis	15
C. Results of nonlinear exposure	17
4. Determinants of the exchange-rate exposure	19
4.1. Hypotheses and corresponding models	19
. Exports-to-sales ratio	19
. Incentives to hedge	20
. Corresponding model for determinants of the exchange-rate exposure	23
4.2. Data descriptions and empirical results	24
. Data descriptions	24
. Empirical results	24
5. Conclusions	28
